EXPERIENCE

UX Design Intern @Oren
06/23 - 09/23

Collaborated with product and marketing team to create visually compelling assets (websites, Ads etc), adhering to brand guidelines.

Technology Consultant @Gyanoholic
12/21 - 03/22

Designed curriculum for students, designed marketing webpages and mentored students in project development.

Freelancing (web dev, designing and scripting)
05/22 - ongoing

Worked with clients delivering logos, banners, web pages, automation and web scraping scripts.

PROJECTS

E-commerce Store   ▥ View Demo
Nextjs | Nodejs | Express | Tailwindcss

A simple e-commerce app, able to search, display and store in cart using reducer. Express backend to scrape real-time data from amazon.com.

Spotify Clone-custom backend   ▥ View Demo
Django | html/css | Python | Youtube api

Fully functional spotify web app, with django-authentication, SQL based playlist management, search and play songs with video.
